N86 Pro

Advanced Generation
Smart POS Terminal

The background image shows a hand holding a blue credit card over a grey N86 Pro smart POS device. The device is on a wooden table with various food items, including a plate of salad, a bowl of soup, and a glass of orange juice. The device's screen displays a payment interface with a total of \$100.00. The text is overlaid on the top half of the image.

The N86 Pro is an advanced smart POS designed for demanding business environments. It features a 5.5-inch HD display and runs on Android 13 with a refined UI. Powered by a quad-core 2.0GHz processor, it ensures smooth multitasking and fast response. The device is built for durability, with 1.5-meter drop resistance, IP54 protection, and explosion-proof certification. It supports 5G Wi-Fi and offers flexible accessory options including a fingerprint reader, professional scanner, and charging dock—making it ideal for retail, logistics, and field services.

Reliability

1.5m anti-drop

Performance

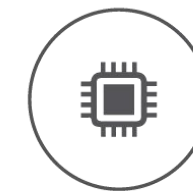

Quad-core, 2.0GHz,
5.5" display, Android 13

Compatibility

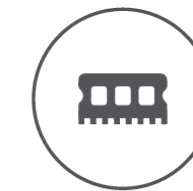

Fingerprint, Pro scanner,
Charging Base

Advanced Performance

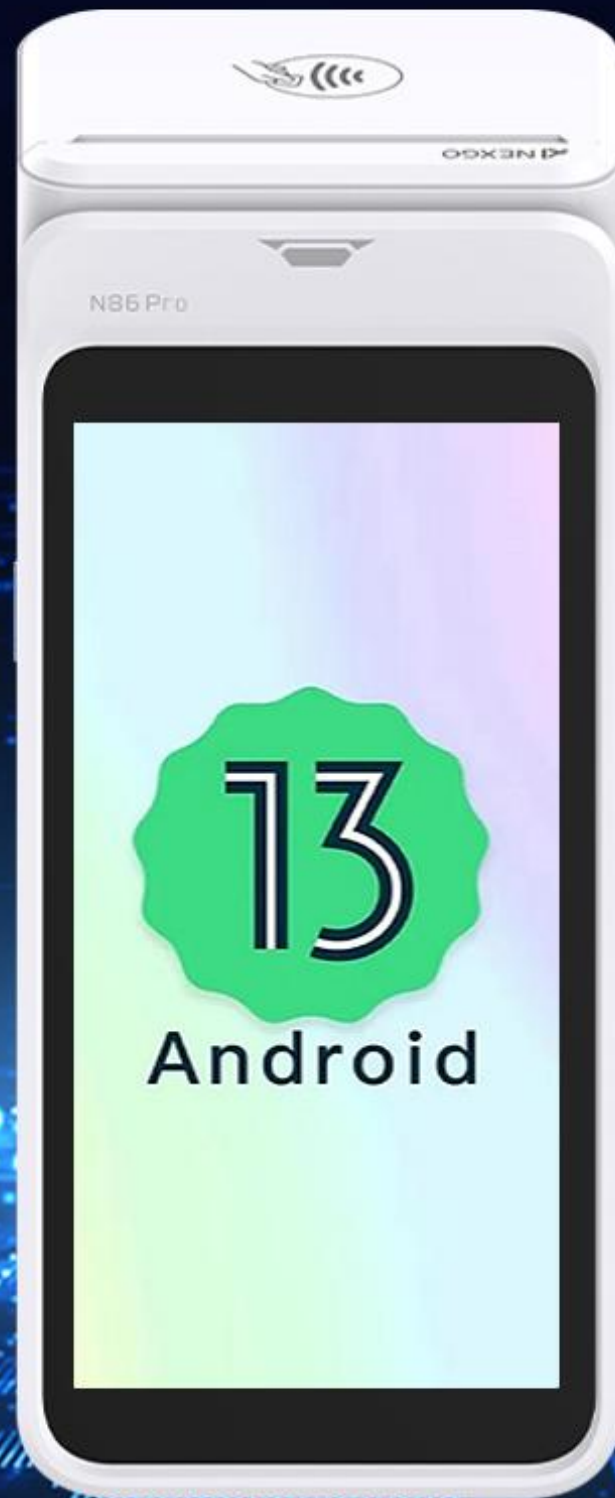

N86 Pro uses a quad-core 2.0GHz high-speed processor.

Quad-Core
2.0GHz

Memory
1GB RAM + 8GB Flash
2GB RAM + 32GB Flash(Optional)

Android 13

- New and superior UI design
- Support Android native NFC
- Support virtual blue tooth printing
- Better software performance (e.g., app installation, opening speed, file reading speed, remaining memory, etc.)

1.5M

Rock-Solid

N86 Pro has industrial-grade design and can withstand a drop of up to 1.5 meters on the marble floor.

Rugged

IP54 Dustproof & Waterproof, Shockproof

ATEX Certified

ATEX International Certification

ATEX Certified

N86 Pro can be safely and reliably used in hazardous workplaces, such as gas stations, chemical industry and petrochemical industry.

It is proved not to be a source of ignition or explosion under potentially explosive atmospheres, and it can withstand a certain extent of blast and heat without causing a secondary explosion or fire.

High-Speed Network Connectivity

N86 Pro supports 5G, Wi-Fi and 802.11a/b/g/n/ac standards, ensuring stable and fast network connections for data transmission and online payments.

5G Wi-Fi

BT 5.0

4G/3G/2G

Powerful Battery Life

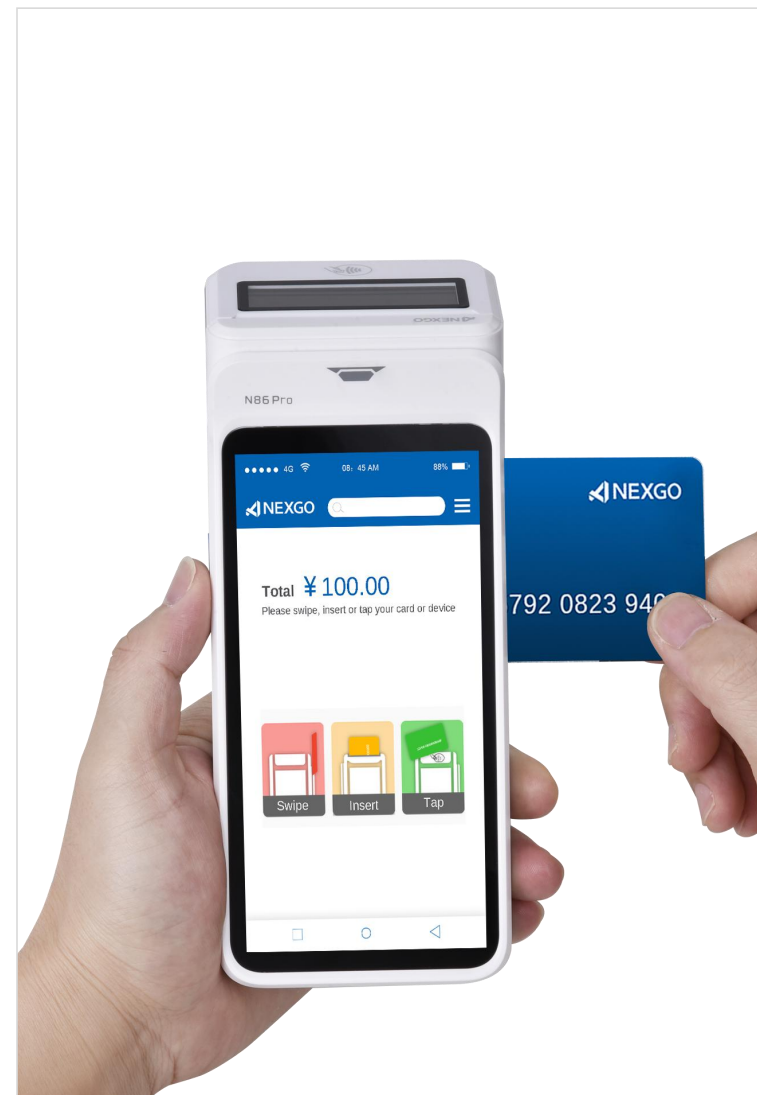

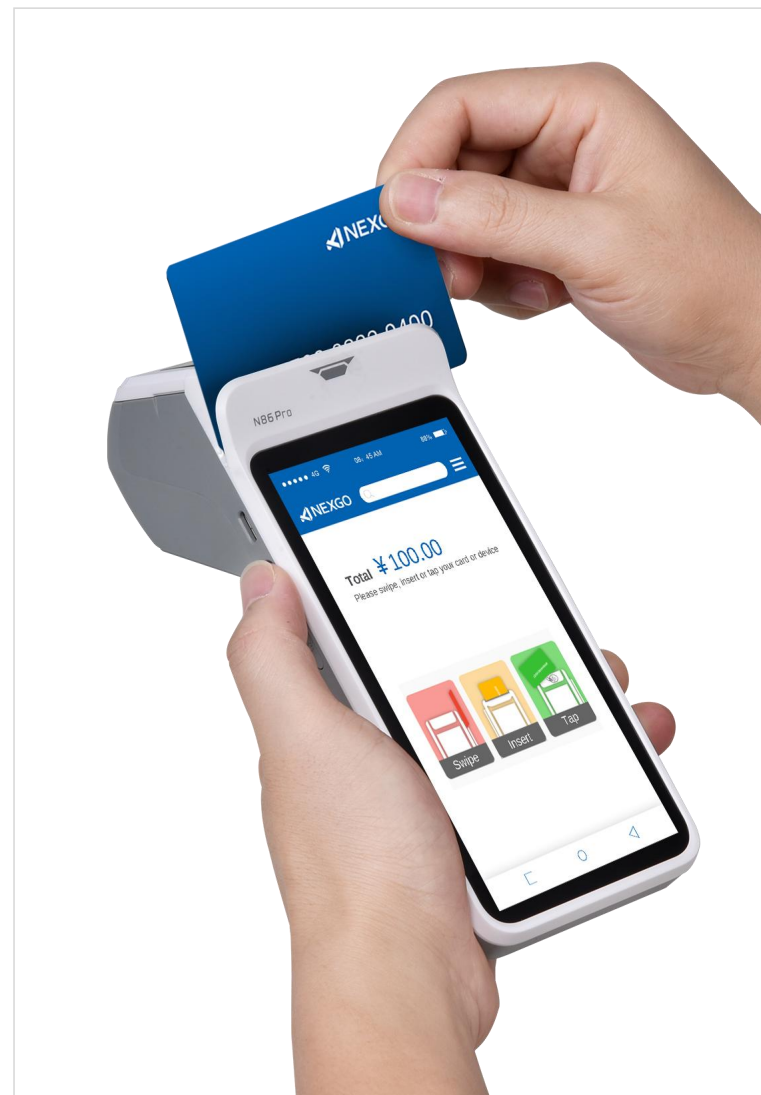

The industry's top level battery performance and ultra-low power consumption design make 7.4V 2600mAh li-ion battery of N86 Pro works efficiently. Moreover, there's an optional high-capacity battery (7.2V/3300mAh) of N86 Pro to meet long-term usage needs.

3300
mAh

Payment Methods

N86 Pro accepts payments of magnetic strip cards, IC cards, contactless/NFC and 1D&2D codes.
